## Angus League 2010

During the past 3 years I have been Secretary I have been aware of problems with the League Draws and to resolve this I have installed a Computerised system to Generate the League Draws and the League Tables. This gives the fixtures in a different format and as far as possible a home and away game alternative weeks for each club and the flexibility to change the fixture order each year.

This I hope will eliminate most, if not all the concerns that have been voiced in the past.

I have put the 2010 Draws on ABA Web Site and would welcome any comments.
